JOURNEYING TOGETHER IN JESUS

We feel the most important question anyone could ask is, “Who is **Jesus** and why does He matter to me?” The goal of our **Gospel Community Groups** is to explore that question and understand all it’s rich implications for our lives. We want to explore that **together** and live out it’s implications as a community. If you’ve ever **wondered** about Jesus and what He did, if you’re interested in **exploring** how He changes lives, or if you just have basic **questions** about Christianity, then we want to invite you to come check out any of our gospel community groups.
